

# Research Participants Wanted!

Are you currently having trouble controlling your **opioid use** (heroin, oxycodone, hydrocodone, codeine, etc.)?

We are testing whether combining a medication with a specific type of therapy can improve treatment outcomes.

Who is eligible?

- Having a diagnosis of an **opioid use disorder** or currently **using opioids**
- Age **18-25**
- Have Emory-accepted insurance or be willing to pay out of pocket for standard treatment and medication

What will you be asked to do?

- Receive buprenorphine/naloxone medication (also known as Suboxone)
- 12 weeks of therapy (experimental group) and standard counseling
- 3 interview assessments

Will you be compensated?

- You will receive up to \$120 for your participation in this study.

If you have any questions, or are interested in participating, please contact:
